And finally, pop-up error messages and maintenance reminders make certain that the hard work of *teshuvah* is saved in your memory.

- ▶ To get started with the tutorial, read the Licensing Agreement and click "I agree."

 **Teshuvah Wizard® Licensing Agreement**

I understand that although I am licensed to use the *Teshuvah Wizard*® anytime during the year, it is especially effective during the עשרת ימי תשובה (*aseret yemei teshuvah*, the ten days of repentance between Rosh Hashanah and Yom Kippur) in accordance with the following verse in Isaiah: "Call upon God while God is near."

I agree to use this product as the Manufacturer intended; namely, to repair my relationships with family, friends, and God, and to set a course along a better way of living.

## Chapter 1

### The Mega-Search Engine

While preparing for the ימים הנוראים (*Yamim Noraim*, The Days of Awe), use the Search Engine of the *Teshuvah Wizard*® to examine your previous actions and adopt behaviors that connect you more closely with friends, family, and God. HINT: Traditionally, *teshuvah* intensifies during the month of Elul (the Hebrew month preceding Tishrei and The Days of Awe). To avoid overloading your system, make the process of *teshuvah* a part of your daily life.

- ▶ To launch a behavior search
  - 1) Open the My Relationships folder and click on a relationship category: God, Parents, Siblings, Relatives, Friends, or Others.
  - 2) Type a name into the search bar and press enter.
  - 3) A list of questions appears in the window.
  - 4) After reviewing your answers, click on the appropriate icons at the top of the screen to choose your *teshuvah* actions.

HINT: Schedule behavior searches for every person in your My Relationships folder. Try to do at least one search every day during the עשרת ימי תשובה (*aseret yemei teshuvah*).

**IMPORTANT QUESTIONS TO HELP THE BEHAVIOR SEARCH**

Have I been honest with this friend?  
 Have I lost my temper and said something that hurt this friend's feelings?  
 Have I said anything to embarrass this friend in public?  
 Have I spread gossip about this friend?  
 Have I hurt this friend by accident?  
 What behaviors can I adopt that will improve my relationship with this friend?

## Chapter 2

### The *Teshuvah Wizard*® Communications Protocol

A protocol is a code or a set of rules that governs communication within a network. All parties in a network must agree to the protocol or they can't communicate with each other. The Manufacturer of the *Teshuvah Wizard*® has established automatically the following communications protocol: "Yom Kippur atones for sins against God. Yom Kippur does not atone for sins against another human being until one has asked for forgiveness from the person offended."

- ▶ To connect to your network and apologize
  - 1) Open the My Relationships folder and click on a relationship category.
  - 2) The *Teshuvah Wizard*® remembers all previous behavior searches in each relationship category.
  - 3) Highlight a behavior search and click "Ask Forgiveness" on the task bar. The Reconciliation dialogue box appears.
  - 4) Select an option that seems appropriate or one that you can adapt, and click Next.

RECONCILIATION

I have thought a great deal about our relationship and realize that I have said (or done) things that hurt you during the past year. I'm sorry and I hope you'll forgive me.  
 If I have said or done anything accidentally that hurt your feelings during the past year, I'm sorry and I hope you'll forgive me.  
 I'm sorry I acted the way I did. I was wrong and I hope that you'll forgive me.

- Each evening before I go to bed, I will reconnect with my better self by examining how I behaved during the day and resolving to correct my mistakes.
- Each Shabbat, I will reconnect with my parents (or friends) by setting aside time to talk openly about our relationship.
- Each day (or Shabbat), I will reconnect with God by praying with *kayvanah* (intention).
- Each day (or each week), I will listen for little voices inside me that draw me to my spiritual heritage.
